

Preventive Medications Under Consumer Choice

As a highlight of the Consumer Choice medical plan option, these preventive medications are covered as if you had already met the deductible. You'll pay just the 20% coinsurance.

Additional notes:

- Preventive medications help you avoid many illnesses and conditions.
- Some of the medications on this list may also be used for treatment.
- Medications are grouped according to the illnesses and conditions they help prevent and treat.
- Brand names are shown in italics. Generics are shown in bold.
- The medications on this list are reviewed and updated on a regular basis.
- This list isn't all-inclusive. Consumer Choice may cover other preventive medications.
- These medications may be covered at 100 percent under the Affordable Care Act Preventive benefit.
- The terms of your health plan ultimately determine coverage, how the criteria apply and cost-sharing.
- To find out more, please call Express Scripts Member Services at 800.375.0596.
